Bamboo Fusion

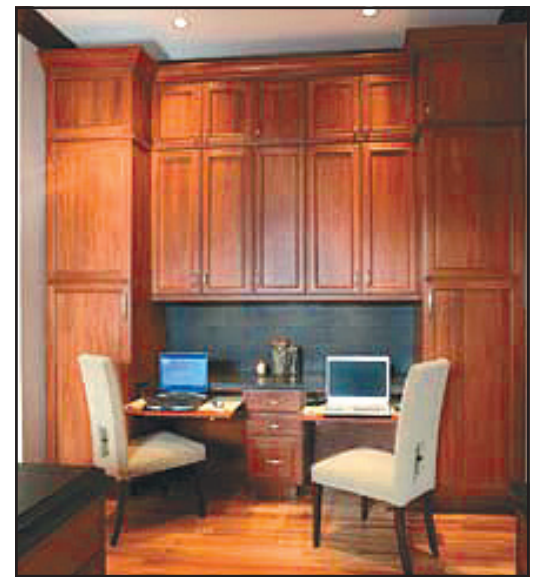

Created from solid strand woven bamboo, Bamboo Fusion is a 100% sustainable floor which has the aesthetics and feel of traditional timber flooring, but with unrivalled performance. Bamboo Fusion strand woven flooring is created from Moso bamboo. Bamboo is self-generating, grows to maturity within five years and is regarded as one of the strongest plants on earth.

DANSK Hardwood
Selected with Care. Finished with Precision.

GREEN CORE by CRYSTAL

Crystal's Green-Core products are made with materials that have a reduced effect on human health and the environment. Green-Core particleboard is 100% recycled with a no added urea-formaldehyde exterior-grade resin. When you choose Green-Core by Crystal, you get the added environmental benefits and the finest custom cabinetry with a tradition of handcrafted quality for 60 years.

CRYSTAL
a fine name in cabinetry
